CLEANING DETERGENTS**

**Company
Profile**

ABOUT US

Sanleon Company Ltd is a locally owned manufacturing company incorporated in 2016. Specializing in quality cleaning solutions for industrial and institutional markets, our core function is to manufacture, market, and service a wide range of cleaning products.

Mission

To provide high quality and affordable cleaning products and services while promoting economic growth .we pride to innovate effective methods and focus on customer satisfaction

Vision

Our vision is to streamline our personal values through every aspect of our business. From the quality of products we produce, to the level of customer service we provide, we want to demonstrate our values: do good, be good, exceed good.

Products & Services

Detergents

Our core business includes manufacturing high-quality detergents to meet diverse cleaning needs.

Cleaning Accessories

We source essential cleaning accessories from trusted suppliers, such as mops, brooms, brushes, air fresheners, toilet tissue, and hand paper towels.

Cleaning Machinery

We represent Truvox cleaning machines, bringing reliable machinery to local clients.

Training Services

We offer free training sessions and materials, empowering clients with knowledge for efficient, effective, and economical use of our products and machinery.

Competitive Advantage:

- Flexible production formulations tailored to client needs
- Single-source for both products and accessories
- Technically skilled staff for optimal customer support
- Locally produced, high-quality industrial products
- Unique 5-step service concept, focused on solving customer cleaning challenges
- Competitive pricing

Our Clients:

Hostels | Guest Houses | Lodges | Commercial Laundries | Dry Cleaners | Universities & Schools | Factories | Restaurants | Plastic Recyclers | Water & Beverage Bottlers.

We maintain strict quality control and work with the Kenya Bureau of Standards to ensure our products meet local requirements and use eco-friendly materials.

Training Programs

The company provides free in-house training that helps clients' staff improve cleaning efficiency, reduce costs, and use products correctly.
